CANADATICKET

Ticket, Tag & Label Print Solutions

AVAILABLE SPACE & SPECIFICATIONS

The following shows your available space based on a 5.5" ticket. If you have a ticket size other than 5.5", please advise. **Don't forget to factor in your stub size for the front and back of the ticket. 1 1/2" stub seems to be most common.**

Feed Direction of Front (based on "book back")

FRONT

available "overall" space is **1.96875" x 5.5"**

** Tear-off stub not shown.
Typically 1 1/2" on lead edge

** bleeds are acceptable.
If bleeds are used, please factor 0.25" for bleed.

available space for preprinting
(advertising/sponsorship, waiver, etc.)

3.6875" x 1.84375"

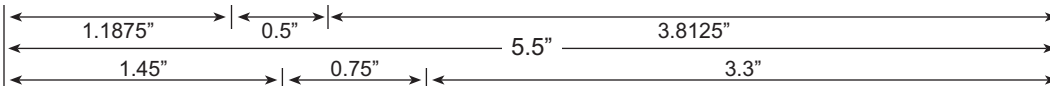

(based on using a color/colors blind to the optical eye)

3.6875" x 1.40625"

(based on using black ink & keeping optical eye area clear of print)

** depending on the type of ticket printer being used, we may be able to utilize a narrower optical bar.

** full bleeds are possible if required - factor 0.25" **

BACK

compatible with:

- Boca (ETX - must verify model)
- Practical Automation (ETX, ITX, GTX, ITL)
- Datamax

** can possibly be used on some Eltron & Epson applications with the full bar.

** Dotted lines shown indicate available ad space based on using the full optical bar. If required, the partial bar may be used.

available space for preprinting
(advertising/sponsorship, waiver, etc.)

3.175" x 1.78125"

(based on using a color/colors blind to the optical eye)

3.175" x 1.375"

(based on using black ink & keeping optical eye area clear of print)

** depending on the type of ticket printer being used, we may be able to utilize a narrower optical bar.

** full bleeds are possible if required - factor 0.25" **

BACK

compatible with:

- Practical Automation (LTX, ITL*)

Feed Direction of Back (based on "book back")

WHILE WE CAN ACCOMMODATE/USE "ALMOST" ANY FILE TYPE/FORMAT, THE MOST IDEAL FORMAT FOR YOUR ARTWORK WOULD BE

** When sending your graphic files, please ensure you include "ALL" original files, fonts & images used within the file. Also include a PDF for reference.

VECTOR BASED: Adobe Illustrator (ai), Macromedia FreeHand, or EPS. In addition, we can also accept BITMAP BASED Images: TIFF, JPG, PSD, etc. (please try to ensure resolution is 300dpi or higher). **DO NOT OUTLINE FONTS.**

If you cannot provide the above files/formats, please send everything that you do have and we will see if we can work with it.
