To all our valued customers and clients...

## **Canada Ticket is STILL OPEN FOR BUSINESS**

As we are living in unprecedented and uncertain times and are all being faced with many hard decisions to ensure the well-being of our staff and customers. We know that many of our clients are in crisis mode and depend on their suppliers for products and services needed to support their daily operations.

With that said, Canada Ticket has taken the necessary steps to ensure that we are able to provide continued and uninterrupted service during these critical times. As a supplier to the medical, transportation and trucking industries, amongst many other essential services, we will be deemed as a business that will remain in operation if a shutdown of non-essential services is put in place.

Currently, the majority of our office staff is working from home. The manufacturing staff works in an area, of over 53,000 square feet that can adequately accommodate the physical distancing guidelines required so they can operate in a safe and efficient manner.

***As it is business as usual at this point of time, please be sure to advise us of any planned shutdowns of your facility immediately to ensure there are no delivery issues.***

Stay healthy and take care!

Sincerely,  
Canada Ticket Inc.
